### Basic Information

- Place of Origin: China
- Brand Name: Bythai
- Model Number: BT02

### Product Specification

- Edge: Smooth
- Design: Standard
- Thickness: Customized
- Surface: Pre-galvanized/hot Dip Galvanized
- Material: Steel
- Weight: Customized
- Packaging: Container
- Length: Customized
- Highlight: **Steel Scaffolding Plank,  
Customized Scaffolding Plank**

## Product Description

### Product Description:

Scaffolding Plank: A Corrosion-Resistant, Weight-Bearing Supporting Board for Scaffolding

Our Scaffolding Planks are designed to provide reliable support for scaffolding applications. Crafted from high-grade steel, these planks are able to bear great loads while offering corrosion-resistance and durability. The planks come in a variety of colors and surfaces, such as pre-galvanized and hot dip galvanized, and can be customized in terms of weight and length. The edges are also smooth to ensure safe use. With our Scaffolding Planks, you can be sure of a reliable and secure scaffolding structure.

**Product Name:** Scaffolding Plank

**Weight:** Customized

**Length:** Customized

**Surface:** Pre-galvanized/hot Dip Galvanized

**Color:** Steel

**Material:** Steel

**Keywords:** Steel Plank, Metal Plank, Steel Plank, Galvanized Plank

### Technical Parameters:

Parameter	Value
Usage	Scaffolding
Packaging	Container
Width	Customized
Material	Steel
Thickness	Customized
Weight	Customized
Length	Customized
Color	Steel
Edge	Smooth
Structure	Solid

### Applications:

Bythai BT02 Supporting Board for Scaffolding

Bythai BT02 Supporting Board for Scaffolding is designed for construction and other projects that require a strong, stable and reliable scaffolding support. It is made of high-quality steel, with a pre-galvanized or hot dip galvanized surface for enhanced durability and longevity. The board is available in a variety of lengths, so you can find the perfect size to fit your needs. The edge is smooth, making it easy to install and use. Its steel color adds a modern touch to the overall look.

Whether you are building a house, renovating a building or any other construction project, Bythai BT02 Scaffold Supporting Plank will provide the perfect support and stability for your scaffolding. Its strong and reliable design ensures that it will not bend or break easily under the weight of the scaffolding, and its galvanized surface will provide extra protection against corrosion.

With Bythai BT02 Supporting Board for Scaffolding, you can rest assured that your scaffolding is secure and stable. It is the perfect choice for any construction or renovation project.

### Customization:

Customized Scaffolding Plank

Brand Name: **Bythai**

Model Number: **BT02**

Place of Origin: **China**

Color: **Steel**

Width: **Customized**
