## Product Description

### Product Description:

Scaffolding Access Ladders with 2-Year Warranty

Our Scaffolding Access Ladders are made of high-quality aluminum and HDG material and feature a surface treatment of HDG. They are designed with a load capacity of 150kg and a step width of 50 cm, allowing for a safe and secure access to scaffolding.

Our Scaffolding Access Ladders also come with a hook for easy storage and a secure connection to the scaffolding.

Our Scaffolding Folding Ladders offer fast and simple setup, while providing a safe and reliable access to the scaffolding. They are designed to fold up easily and be stored away quickly.

### Applications:

Bythai's BM224 Scaffolding Ladders are ideal for a wide variety of industrial and commercial applications. Built for load-bearing capacity of up to 150kg, these ladders feature step height of 30 cm, and are made of aluminum or HDG for superior strength and durability. Its surface is treated with HDG for better protection against corrosion. All ladders come with silver color, and require minimum order quantity of 1000. Packaging is available in containers, and delivery time is 10-25 days. These Scaffolding Step Ladders and Scaffolding Folding Ladders are the perfect choice for any application requiring a reliable and safe laddering solution.
