Basic Information

- Place of Origin: china tianjin
- Brand Name: scaffolding screw jack
- Model Number: BM212
- Minimum Order Quantity: 1500
- Price: 4.5-8.5
- Delivery Time: 10-25

Product Specification

- Warranty: 2 Year
- Product Name: Base Jack Scaffolding
- Material: Steel
- Usage: Building Construction
- Packing: Container
- MOQ: 1000
- Surface Treatment: Painted/ Electro-Galvanized/ HDG
- Color: Silver
- Highlight: **HDG Surface Scaffolding Screw Jacks, Building Scaffolding Adjustable Base Jack, Building Construction Jack Base Scaffolding**

High-Performance Base Jack Scaffolding For Building Construction

Product Description:

Base Jack Scaffolding - Product Overview

Usage: Building Construction

Base Jack Scaffolding is an essential tool used in building construction projects. It provides a stable and secure platform for workers to carry out their tasks at different heights. This versatile product is suitable for various types of buildings, from residential homes to large commercial projects.

Product Name: Base Jack Scaffolding

As the name suggests, Base Jack Scaffolding is a type of scaffolding system that uses a base jack as its main component. The base jack is an adjustable nut that can be used to adjust the height of the scaffolding, making it suitable for use on uneven surfaces. The adjustable feature makes it a popular choice among construction workers as it provides flexibility and convenience.

Color: Silver

Base Jack Scaffolding comes in a sleek and professional silver color. This color not only gives it a modern and stylish look, but it also makes it easy to spot on a construction site. The silver color also reflects light, making it more visible and safer for workers to use.

Packing: Container

Base Jack Scaffolding is packed in a container for easy storage and transportation. The container is durable and can withstand rough handling during transportation. It also helps to keep the scaffolding parts organized and prevents any damage or loss during transit.

Warranty: 2 Year

We understand the importance of quality and durability when it comes to construction tools. That's why Base Jack Scaffolding comes with a 2-year warranty. This ensures that our customers can use the product with peace of mind and have a reliable support system in case of any issues.

Key Features:

Base Plate: The base plate of Base Jack Scaffolding is made of high-quality steel, making it strong and sturdy. It provides a stable and secure foundation for the scaffolding, ensuring the safety of workers.

Adjustable Nut: The adjustable nut, also known as the base jack, allows for easy height adjustment of the scaffolding. This feature makes it suitable for use on uneven surfaces and provides flexibility in various construction projects.

Easy to Assemble: Base Jack Scaffolding is designed to be easy to assemble and disassemble. It comes with clear instructions and requires no special tools, making it convenient for workers to set up and dismantle quickly.

Durable: The use of high-quality materials and precise manufacturing techniques make Base Jack Scaffolding a durable and long-lasting product. It can withstand heavy loads and harsh weather conditions, making it ideal for use in any construction site.

Safe and Reliable: Safety is our top priority, and that's why we have ensured that Base Jack Scaffolding is a safe and reliable product. It is designed and tested to meet safety standards, providing a secure working platform for workers.

Versatile: Base Jack Scaffolding is a versatile product that can be used for various types of construction projects. It is suitable for both indoor and outdoor use and can be adjusted to different heights, making it an essential tool for any construction site.

In conclusion, Base Jack Scaffolding is a high-quality and versatile product that is safe, reliable, and easy to use. With its adjustable nut and durable base plate, it provides a stable and secure platform for workers to carry out their tasks. Its sleek silver color and container packing make it a convenient and professional choice for any building construction project. Invest in Base Jack Scaffolding for efficient and safe construction work.
