Product Description

Features:

Product Name: Scaffolding Plank
Surface: Pre-galvanized/hot Dip Galvanized/Spray Plastic
Packaging: Container
Usage: Scaffolding
Place of shipment: China
Length: Customized
Keywords: perforated steel plank for sale, steel plank ringlock, galvanzied steel plank

Technical Parameters:

Place of Shipment:	China
Packaging:	Container
Material:	Steel
Usage:	Scaffolding
Surface:	Pre-galvanized/hot Dip Galvanized/Spray Plastic
Length:	Customized

Applications:

With its SGS and ISO certifications, you can be assured that this steel plank scaffold product is manufactured to the highest standards of quality and safety. Whether you're working on a construction site, building a bridge, or doing any other type of scaffolding work, this Bythai product is the perfect choice.
The Bythai BT205 steel scaffolding plank is available in a variety of surface finishes, including pre-galvanized, hot dip galvanized, and spray plastic. This makes it suitable for use in a wide range of different environments and conditions. You can choose the surface finish that best suits your needs and requirements.
The steel plank scaffold product is also highly customizable, with a range of different lengths available to choose from. This means that you can get the exact size and dimensions that you need for your specific scaffolding application.
The minimum order quantity for the Bythai BT205 steel scaffolding plank is 1000 pieces, and the price ranges from 15.5-85.5 per piece depending on the surface finish and length that you choose. The product is packaged in bundles and delivered within 10-15 days from payment.
Payment terms for the product include container and shipping, and the place of shipment is China. Whether you're a contractor, builder, or scaffolding company, the Bythai BT205 steel scaffolding plank is the perfect choice for your scaffolding needs.
